Aegis Firewall Agent

Your Agent’s Supervisor

Problem Statement

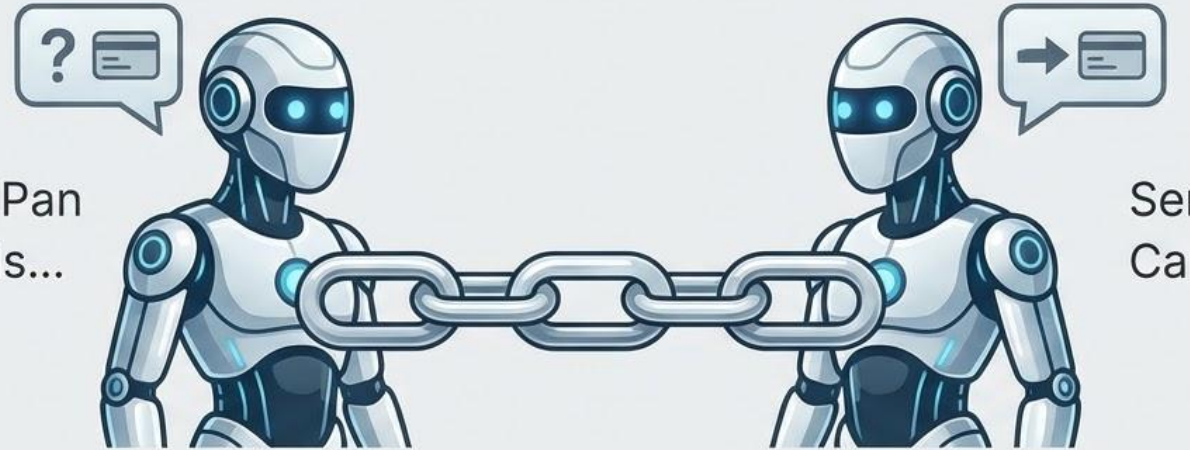
When two Agents talk to each other using A2A, they sometimes leak sensitive data.

- PII (Personally Identifiable Information)
- Aadhaar details
- API keys

AI Agent Data Exchange

Pan Card Details Transfer

Requesting Pan Card Details...



Sending Pan Card Data...

Our Solution

We created an Ai Firewall agent that works by intercepting the chain linking them and runs layer that helps to encrypt the sensitive data and then executes the command "
